

INSTITUTE OF  
CHARTERED  
SHIPBROKERS

**MAY 2024 EXAMINATION SESSION**  
**MONDAY 20<sup>th</sup> MAY 2024 – MORNING**

# **LOGISTICS AND MULTI-MODAL TRANSPORT**

Time allowed – three hours

Answer any FIVE questions – all questions carry equal marks

Please read the questions carefully before answering

1. The combination of the different transport modes results in different transport systems. Identify and explain each transport system, giving examples.
2. Answer **BOTH** parts of the question.
  - a) Describe the factors shipping companies consider when choosing a port.
  - b) Analyse the factors shipping companies consider when choosing a terminal within a port.
3. Identify and describe the different operators of multi-modal transport.
4. Shipping companies must consider several pricing factors when defining their transport pricing policy. Explain the physical and geographical pricing factors.
5. Answer **BOTH** parts of the question.

Warehousing is one of the key components of supply chain management, whatever the distribution system used.

- a) Identify and detail the functions carried out in a warehouse environment.
  - b) Explain the importance of the warehouse layout in performing the previously identified functions.
6. Answer **BOTH** parts of the question.
  - a) Describe the conventions in force directly impacting cargo movement by multi-modal transport.
  - b) Explain the different liability regimes of the carriage of goods conventions.

**PLEASE TURN OVER**

7. Security of ships, ports and terminals has been emphasised over the last years. Identify and describe the Code governing the security of ship and port/terminal facilities.
8. Analyse the key factors multi-modal operators must consider in service planning.
